MAYSVILLE, KENTUCKY, WEDNESDAY, JULY 18, 1917.

ONE COPY—ONE CENT.

THE REAL QUESTION  
You put the flag upon your car,  
And let it fly on high;  
But when they came with bonds to sell,  
How many did you buy?

FISCHER

Mr. and Mrs. George Fischer of East Second street are rejoicing over the arrival of a fine ten-pound son yesterday afternoon.

Bourbon News: "Mr. Roy F. Clendenin, Associate General Agent of the Northwestern Mutual Life Association, accompanied by Mr. E. T. Proctor, of Maysville, is in Milwaukee, Wisconsin, attending the annual meeting of the Agents' Association at the home office of the company."

The catalogues for the Old Reliable Germantown Fair will be distributed next week. The fair this year will be held from August 22 to 25, and it is expected that this will be the banner year.

Miss Jennie Barkley of Lewis county is visiting Miss Frances Elmer Stillcup of Forest avenue.

## Every Time the Clock Ticks

BASED upon the experience of 1916 with 302 working days of eight hours, THE MUTUAL LIFE pays to policyholders or their beneficiaries an average amount of \$7.80 every tick.

EVERY DAY it pays the sum of \$227,333.92.

EVERY WEEK it pays the sum of \$1,820,285.46.

Why not have your insurance in the big company, it costs less.

## MISS IADELLA SHAW

Died at Her Home in Cincinnati Tuesday Just As She Was to Go on Operating Table—Was Former Maysville Girl.

Miss Iadella Bourgh Shaw, aged 21 years, died at Dr. Reed's Hospital in Cincinnati yesterday morning at 8:15 o'clock just as she was about to go to the operating table to be operated on for intestinal troubles.

Miss Shaw was born in Maysville on August 19, 1895, and had lived here with her parents, Mr. and Mrs. John R. Shaw, all of her life until two months ago, when the family removed to Mt. Auburn, Cincinnati. At an early age she united with the Second M. E. Church, South, and her lovely Christian character was an inspiration to many, notwithstanding the fact that she has been in ill health since she was 8 years of age. She has a large host of friends in Maysville who are both shocked and grieved to hear of her untimely death.

Besides her parents she is survived by two brothers, Mr. James Shaw of Cleveland, and Mr. John Taubel Shaw of Cincinnati. Her grandparents, Mr. and Mrs. A. B. Stiles, of Houston avenue, left yesterday afternoon to attend the funeral, which will be held at her home at Mt. Auburn this afternoon or tomorrow morning.

## TEN GRADUATES

From St. Patrick's School This Year—Splendid Work Accomplished Under Superintendence of Rev. Joseph O'Dwyre.

Unannounced to the general public, and without a general public record of its happening, the St. Patrick schools of this city at the end of the school year quietly closed graduating from the eighth grade the following pupils: Elizabeth Purdon, Margaret Alice Tolle, Martina Tierney, Margaret Lynch, Andrew Clooney, Cleon Brown, Albert Dooley, Thomas Richardson, Albert Fritsch and Emmett Seitz.

Step by step these pupils have been educated throughout the eight years of their school life, without a cent of public money, but at no little expenditure of money, zealous, loving, efficient effort, founded in motives higher than things material, until now they are prepared to enter our High Schools, without examination, for according to a rule enacted by the school board of the Public School of the city of Maysville and printed in the Year Book of the Public Schools, pupils graduated from schools of standing equal to the local public district schools are admitted into the High School without examination. It will hardly be doubted that equal in standing with the local public district schools is that school which has earned the title, "Cradle of Honor Pupils," as has the St. Patrick school, for year after year the graduates from the grades in the St. Patrick schools are to be found among the honor pupils of the Public High School of this city.

The patrons of St. Patrick Schools are justly proud of their educational institution, for it is a creature of their love, monument to their self-sacrificing fidelity to principle. The efficiency of the able corps of teachers, the Franciscan Sisters, under the capable direction of Sister Mary Rose, speaks in the general student body more unmistakably than words. If the axiom, passing current among authorities on the science of teaching be true, that "The Teacher makes the School," then the St. Patrick Schools of this city are unsurpassed by the best.

The general public owes a debt to the patrons of the St. Patrick Schools since by their operation there is each year saved to the public thousands of dollars for educational purposes. The amount which is thus saved may be easily estimated when it is known that each of the pupils in the St. Patrick Schools, if placed in the Public Schools, would annually cost the public treasury about \$40.00 each, and that there are between 150 and 200 pupils each year in attendance at the St. Patrick parochial schools.

This year the gold medalists were the following: Gold medal in Christian Doctrine in fifth and sixth grades, Gertrude McNamara; Gold medal in Arithmetic in Seventh grade, George Purdon; Gold medal for general scholarship in eighth grade, Elizabeth Purdon.

The donor of the gold medals is Rev. Joseph O'Dwyre, Superintendent of the St. Patrick schools, whose wide-awake activities in behalf of education are well known and far famed even beyond Kentucky, and whose wise superintendence in the St. Patrick Schools is a potent factor in the high standing which they have attained, and for a number of years have sustained.

## ARRESTED AS DESERTER

John Morgan of the Murphysville neighborhood, who joined the Kentucky National Guards in this city several weeks ago, was arrested here yesterday by Captain Adams, medical examiner, and placed in jail on a charge of desertion. Captain Adams met Morgan on the street and asked him what he was doing in Maysville. Morgan replied that he had gone to Lexington and had been rejected on account of having bad eyesight. He was then asked to show his discharge papers but said that he did not receive any. Captain Adams says that only one examination is required to join the guards and that he knew of no reason why a second one should have been given at Lexington. Morgan was refused bond and will remain in jail until the case is investigated.

## MID-SUMMER SALE

Mr. Harry H. Barkley head of the Barkley Shoe Store, announces on the fourth page of today's Ledger, his big Mid-Summer Sale of Low Shoes, commencing tomorrow, Thursday morning. No doubt many will take advantage of this opportunity to purchase at a very low price, the good shoes handled by this store.

## MEETING TO CLOSE

According to announcement made this will be the last night of the meetings being held in Murphysville. The attendance throughout has been exceptionally good. The subject tonight will be "An Impelling Motive."

Clay Moneyhon filed suit in the Mason Circuit Court Monday against J. B. Walter to recover \$65 on a note with interest from September 12, 1916, until paid.

## CLARENCE L. WOOD IS ELECTED PRESIDENT

Of the Farmers & Traders Bank at Meeting of Stockholders Held Yesterday—Remarkable Growth of Young Institution.

At a meeting of the directors of the Farmers & Traders Bank held yesterday the following officers were elected for the ensuing year:

President—C. L. Wood.

First Vice President—W. R. Newell.

Second Vice President—T. L. Holton.

Cashier—E. L. Willett.

Assistant Cashier—Riley M. Galtier.

Directors—C. L. Wood, W. R. Newell,

T. L. Holton, R. B. Holton, C. C. Hopper,

S. C. Brittingham, H. Wadsworth

Cole, and James M. Collins.

Mr. Clarence L. Wood succeeds Mr. J. J. Perrine as president of the bank and it is largely through Mr. Wood's untiring efforts and splendid business ability that this institution, although the youngest in Maysville, has advanced so rapidly in the past few years as to be one of the leading banks in Maysville.

Mr. Willett, who is the new cashier, has been connected with the bank almost since its birth, and his promotion is well deserved.

In the last two years the growth of the Farmers & Traders Bank has been very rapid, and although in business for only a few years, the deposits of the institution are now over \$500,000, with a surplus of over \$20,000.

The new set of officers are all splendid business men and under their guidance the affairs of the bank will no doubt continue to be conducted in the same business-like manner, which has inspired the confidence of the people of Maysville, Mason and surrounding counties to such an extent that the growth of the bank has been phenomenal.

## AMENDMENTS MAY STOP ARGUMENTS OVER FOOD BILL

Washington, July 17—Sentiment in the senate toward compromising differences on the food control bill apparently crystallized today on a group of amendments drawn up by joint conferences of Democratic and Republican leaders.

While on the senate floor another day was spent in criticism of the defense council and other executive bodies, a reprint of the bill was made embodying the leaders' proposals which are expected to remove any basic objections and develop general support.

Principal revisions recommended by the leaders are for limitation of government control of foods, fuels and fluids, including kerosene and gasoline; creation of a special board of food administration of three salaried commissioners, instead of administration by an individual; fixing by congress of a basic minimum price of \$1.75 per bushel for number one northern wheat; extension of government licensing to elevators, farm machinery, factories, packing houses, coal mines and dealers, fertilizer producers and wholesalers of such products and government purchase and sale, to secure reasonable prices of fuel, wheat, flour, meat, beans and potatoes only.

Voting on these proposals and other amendments is expected to begin tomorrow. Among the first to come up probably will be that under discussion today restricting the sale to the government of products which the volunteer advisers of the defense council are personally interested. Many senators during the day's debate urged legislation to prohibit such representatives from selling their own wares to the government.

Miss Ruth Willett of Cincinnati is visiting friends and relatives in this city.

## HERE AND THERE

Mr. and Mrs. W. H. Means returned yesterday from Glen Springs.

Mrs. Frank Keith and children left this morning for a ten days' visit with relatives at Corbin, Ky.

Mr. and Mrs. James S. Dawson of Houston avenue left this morning for Cincinnati to attend the funeral of Miss Iadella Shaw.

Miss Margaret Ellis Mutch of Winchester, Ky., has returned home after an extended visit with Miss Wannie Hall of East Second street.

Dr. T. Nelson Smith, wife and daughter of Canton, Ohio, are visiting the former's parents, Dr. and Mrs. T. H. N. Smith, of East Second street.

Misses Velma and Carroll Marshall returned to their home in Huntington, W. Va., yesterday afternoon, accompanied by Miss Wannie Hall of East Second street, whom they have been visiting for the past month.

## DESK SUPPLIED

The Mason County Red Cross Society through the ladies, who are in charge of the of the office work, is very much indebted to Mr. A. H. Thompson for supplying the office desk, which was so badly needed in carrying on the work of the Society.

The Knitting Class will meet at the Woman's Club Thursday morning at 10 o'clock instead of the afternoon. All those who wish to learn bring needles and cotton. These lessons are free.

## PRESS SOURCE OF INFORMATION

When Secretary of War Baker wrote to W. S. Gifford, Director of the Council of National Defense, protesting that the council has no legal power to do some of the things attempted, Mr. Baker said that his "attention had been called through the newspapers" to what had been done. Isn't that a pretty state of affairs? The Council of National Defense and its committees were created by the administration as a war emergency body, but the Secretary of War gets his information concerning their acts, "through the newspapers." A little while ago the administration was trying to put the lid on news paper publication of matters relating to war activities. If the press censorship had been established as desired, Secretary Baker would have had no means of learning promptly what action had been taken adverse to the interests of his Department. Really, this press censorship proposal is worse than most people supposed. It would be of war."—Hobart (Okla.) Republican.

## SWISS TRADE WITH GERMANY IS REVEALED

Berne, Switzerland, July 16—Regarding American allegations with respect to Swiss exports of American cotton and Italian fruit to Germany the Bund published a precise statement with the object of showing that Switzerland has exported no cotton since the autumn of 1916. Arrangements made with Entente, says the paper, have always been strictly observed, making such importations quite impossible.

As to the exportation of southern fruits to Germany this passage was continued, the Bund declares, to a certain extent with the knowledge and consent of the Italian government. It explains that there was a kind of compensation traffic between Italy and Germany notwithstanding the war, Italy sending fruits in return for German agricultural machinery.

It is pointed out that Switzerland had no right nor reason to prevent this traffic, which was conducted for the most part by Italian merchants.

## GERMAN CROP CONDITIONS REPORTED GOOD IN PRESS

Paris, July 16—The Intelligence Department of the United States army has perfected a method for obtaining the quick delivery of translations from German newspapers with the purpose of supplementing other channels of information concerning internal conditions in Germany.

Papers recently received report of a big wheat crop in Roumania, much of which, it is expected, will be transported to Germany. The vegetable crop in Germany, with the exception of potatoes is reported by the German press to be good. The German fruit crop is bad and the potato crop is expected to be the smallest since the beginning of the war.

## PAPERS RELIEVED OF VOLUNTARY CENSORSHIP

Washington, July 16—Voluntary censorship regulations under which the newspapers have refrained from reporting troop movements were partially suspended today by the War Department and the Public Information Committee so as to permit the papers to print almost unrestricted news about the mobilization of the national guard for war service. This statement was issued:

"The only restriction that the War Department places upon the news of the mobilization of the national guard is that of secrecy concerning train routes and train schedules."

Publication of the exact routes and times of departure, it was pointed out, might invite attempts to interfere with trains.

## IMMUNITY FROM SUBMARINE ATTACKS IS GRANTED PRELAT

Washington, July 16—When Archbishop Benaventure Cerreti sails shortly from an American port on an Italian liner for Rome to become, assistant papal secretary of state the ship will fly the Papal flag under arrangement by which Germany has promised immunity from submarine attacks. Ambassador Rialo of Spain obtained the promise. Archbishop Cerreti until recently was apostolic delegate to New South Wales and for ten years was auditor of the delegation here.

Cataract Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is, however, a cure for cataract deafness. Cataract Deafness is caused by an imperfect condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a runny nose and imperfect hearing, and when it is entirely perfect deafness is the result. Unless the inflammation can be reduced and this restored to its normal condition, hearing will be destroyed forever. Many cases of an inflamed condition of the mucous lining of the face. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Cataract Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Drugs \$1.75. F. J. CHENET & CO., Toledo, O.

NO MORE FREAK REGIMENTS  
IN THE ARMIES OF RUSSIA

Petrograd, July 16—The substitution of the voluntary salute for the compulsory salute in the Russian army is significant of the abandonment of a number of iron-clad and obsolete customs in Russian military circles. One of the most characteristic of these was the Emperor Paul's famous regiment of snub-nosed men, who were all brigaded together as a sort of compliment to their sovereign who was a snub-nosed man.

The Russian army in the old days frequently collected together into regiments men unhappily distinguished by certain classes of physical deformities and idiosyncrasies. Thus, there were regiments of men all badly pock-marked, or all bow-legged, or all slightly hunched.

## WASTE NOT, WANT NOT

Washington, D. C., July 24—Those who heeded the advice of the United States Department of Agriculture to plant gardens this year are now wondering how best to preserve their surplus fruits and vegetables. The specialists of the department, who have tried out various methods for canning, preserving, drying, pickling, and making jam, have recently issued bulletins showing how this work may be done successfully. Anyone can have these publications for the asking, so ignorance of the proper procedure will not serve as a legitimate excuse for allowing any garden produce to spoil this year.

Farmers' Bulletin 853, "Home Canning of Fruits and Vegetables" shows how fruit may be canned especially under conditions existing in the South. Some products in that section, the bulletin states, should be given intermittent sterilization. This consists of applying boiling temperature to products already packed in containers for a certain period on each of three successive days. The bulletin also gives tried and tested recipes for making jams, fruit butters, marmalades, preserves and jellies.

When canning is not feasible or cans and jars too expensive, drying offers a means of saving large quantities of surplus products which go to waste each year. Drying also affords a way of conserving portions of food too small for canning. Drying may be done in the sun, over the kitchen stove, or before an electric fan. Farmers' Bulletin 841 tells just how to do this, using one of the driers or a market or a homemade apparatus.

These bulletins are sent out upon request by the Division of Publications, United States Department of Agriculture, Washington, D. C. Send for some copies for yourself and tell your neighbors about them. Fruits and vegetables preserved in any of these ways will help you in planning your three meals a day next winter.

## GOOD MUSICIANS NEEDED BY NAVY

The navy stands in need of good musicians now, but only men who are able to play brass instruments will be taken. Lowest pay is \$41 a month for these men. They are urged to enlist at once. The navy has special need at present also for men who are skilled in the use of gasoline engines.

## DENIES WESTINGHOUSE SEEKS 1,000 MEN FOR SECRET WORK

In a number of papers there have been published sensational articles stating that the Westinghouse Manufacturing Company is seeking 1,000 men to be employed on a secret process, who must agree to enter a plant, and remain absolutely cut off from the world for a year. Under the headline "Important If True," this item should have been published as revealed by the following interview with the president of the Westinghouse Company published in the Wall Street Journal:

"E. H. Herr, president of the Westinghouse Manufacturing Company denies emphatically that the company is seeking the employment of men for work on a secret process as reported in the morning paper dispatches from Pittsburgh. These reports were to the effect that 1,000 men were being sought by the Westinghouse Co. to sign an agreement to voluntarily cut themselves off from communication with the outside world and work on a new product or process for the United States Government. The Westinghouse Company has been deluged with offers for service in this work as the result of the morning paper publicity, and company officials are kept busy explaining there is no truth in the reports.

"Mr. Herr says: 'I am at a loss to account for the origin of these reports. We are not now at work nor have any plans for any such secret operations as have been reported.'

## ALL EXEMPTION BOARDS READY BUT BREATHITT

Frankfort, Ky., July 16—The Breathitt County Exemption Board is the only Board in the State which has not organized and started work on exemption claims. Alfred Russell, County Clerk, has refused to co-operate with the other members of the Board.

Governor Stanley today had advice from Washington to the effect that any member of the Boards of Exemption failing to assume his duties is subject to one year imprisonment on the charge of a misdemeanor. After a Board has organized members declining to serve may resign, but this can not be done until after an organization has been perfected. Governor Stanley is also in receipt of a wire from Washington stating that no more appointments to Exemption Boards will be apportioned at the present time which means that the members appointed serve.

Provost Marshal General Crowder today notified Governor Stanley that every Exemption Board in the country will be at work by Tuesday.

## AVIATION BILL WILL BE RAILED IN SENATE

Washington, July 16—The administration's \$640,000,000 aviation bill passed Saturday by the House will be expedited in every way in the Senate and may be passed this week ahead of the food control measure.

The Senate Military Committee will meet tomorrow and may decide to dispense with committee hearings in order to hasten enactment. It is understood one of the amendments to be proposed by the administration would legalize the status of the aircraft production board, now attached to the defense council, and would extend its powers.

Through electric illumination the dome of Missouri's new State Capitol at Jefferson City is made visible for a distance of 20 miles.

The tins of one's ambitions may be punctured by broken resolutions.

JUDGE FOR YOURSELF  
Which is Better—Try an Experiment or Profit by a Maysville Citizen's Experience.

Something new is an experiment. Must be proved to be as represented.

The statement of a manufacturer is not convincing proof of merit. But the endorsement of friends is. Now suppose you had a bad back, a lame, weak, or aching one. Would you experiment on it? You will read of many so-called cures.

Endorsed by strangers from far-away places.

It's different when the endorsement comes from home.

Easy to prove local testimony.

Read this Maysville case: Ben. P. Fleming, constable of Mason Co., 217 E. Lee St., Maysville, says: "I have used Doan's Kidney Pills off and on for several years, getting them at Wood & Son's Drug Store, and they have been of great benefit. At times, my kidneys have been out of order and I have suffered from a dull, constant ache through the small of my back. The kidney secretions have been irregular in passage, too. A boxer so of Doan's Kidney Pills have never failed to relieve me of the complaint in a short time."

Mr. Fleming is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. Fleming had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Provo, Buffalo, N. Y. "When Your Back is Lame—Remember the Name."

## SEVEN REASONS

Why Every Colored Person in Maysville Should Attend Dr. Sharp's Lecture on Tuberculosis Next Thursday Evening at Scott M. E. Church.

By agreement between Dr. Sharp, who is conducting the Sanitary Survey in Mason county and the Rev. Robert Jackson and the officials of Bethel Baptist Church and Pastor and Official members of Scott M. E. Church a special lecture on Tuberculosis, illustrated by pictures, will be given at Scott M. E. Church Thursday evening of this week at 8 o'clock sharp.

I am certain the lecture which was given in the beginning of the season on Typhoid Fever showing the a dangerous factor, was very helpful and will in its effect last a long time.

By request I am making the newspaper statement, regarding this meeting, which will consist of seven reasons why every colored person in Maysville should hear this splendid and instructive lecture which will help them to live better, happier and longer.

1. Every colored person in Maysville should attend the lecture because it is an expression of patriotism to the nation's call and it is our duty to be true to our nation even though there is within our boundary a lawless element who burn our homes and murder our loved ones.

2. Every colored person should be present at this lecture because it is in the interest of better health conditions for the people of Mason county and if the colored people are to share the benefits they ought to be honest enough to attend the lecture and learn the conditions so that they will be able to intelligently do the things required at their hands.

3. Every colored person ought to attend the lecture on tuberculosis at Scott M. E. Church Thursday evening, July 19th, because tuberculosis or consumption is the greatest enemy of the race, more colored people die from the cause of it than any other disease, and Dr. Sharp in his lecture on Thursday evening, will teach how to lessen the chances of having it and how to care for those who do have it, with less danger to one's self and those of his household.

4. Every colored person in Maysville should be present to hear Dr. Sharp on Thursday evening because he will show with pictures thrown upon the screen how Tuberculosis or Consumption shortens our lives, lessens our opportunities, robs us of our loved ones and infests our homes with disease germs, which lie in wait to attack us or some one else and how it drains from us our earnings for needless doctor's bills and extravagant funeral expenses.

5. Every colored person ought to be present at the lecture on Thursday evening because Dr. Sharp will show us that it is within our power, if we will take and use the information that is given to us, to lessen the prevalence of tuberculosis among colored people, hence, allowing the vast amount of money which we spend for doctor's bills and funeral expenses in these cases will enable us to start bank accounts, buy property, have better clothes and more wholesome food, and become more developed intellectually, morally and physically.

6. Every colored person should be at the lecture Thursday evening because if we are to share the good
